ΛΓΙΝΟ Online Door Opener
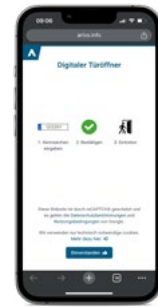

The Alternative to Traditional Door Readers

Easy access for your parking customers! Our Arivo Online Door Opener offers the ideal solution for avoiding bulky door readers.

Scan the QR code, enter the license plate, and open the door - effortless access for your parking patrons to your garage or parking facility at any time.

Advantages

✓ **Intuitive Operation**
Scan the QR code, enter the license plate & open the door.

✓ **No Additional Hardware Next to Your Entries**
Only the appropriate signage, an output contact from the Arivo I/O-module and the necessary control wiring for opening the door are required.

✓ **Flexible Mounting**
The signage can be easily mounted on the wall next to the entrance door.

✓ **Only Authorized Persons have Access**
Access is only granted if the vehicle associated with the entered license plate number is present on-site.

Easy to Use for Your Parking Customers

1. Scan the QR-Code

2. Enter the License Plate

2. Open the Door & Enter
